V. TEACHER STATEMENT (TO BE COMPLETED BY HIGH SCHOOL TEACHER)

To teacher: Please use this space to give an evaluation of the applicant's course of study in high school and dedication as a student.

Dear Student:

Agriculture plays a critical role in today's world. From food to fuel, the agricultural industry touches nearly every aspect of day-to-day living. Equally as important as the industry itself are the individuals who support it. From producers to marketers, engineers to agronomists, highly talented and educated individuals will play a key role in this growing business.

West Central is pleased to offer a scholarship program for high school seniors from rural communities across west central Iowa. As the cost of post-secondary education rises, the goal of obtaining an advanced education is becoming harder to realize. This program is designed to recognize students' academic achievements and potential while responding to the financial pressures felt by many rural families.

West Central will be awarding three (3) one-year scholarships in the amount of \$1,500 each during the 2007-2008 academic year. Recipients may attend the accredited post-secondary program of their choice. We sincerely hope you will take advantage of this scholarship program and wish you success in achieving your academic goals.

West Central

I certify that the information provided in this application is true, correct, and complete to the best of my knowledge.
